

Project handover

LaunchLite Studio · Post-launch checklist

Project / site name: _____ Client: _____

Launch date: ____ / ____ / ____

Handover completed by: _____

1. Live environment

Production URL	https://_____
Staging URL (if retained)	https://_____
Hosting provider	e.g. Vercel / Netlify / _____
DNS / domain registrar	_____

2. Access & credentials

Store passwords in a password manager—do not email secrets in plain text.

Repository / codebase	Where code lives (e.g. GitHub org/repo): _____
Hosting dashboard	Owner account email / recovery: _____
CMS / editor (if any)	URL & admin path: _____
Analytics	Google Analytics / Search Console property ID or link: _____

3. Third-party services

Forms / email delivery	e.g. Resend, Formspree: _____
Payments (if applicable)	Stripe / PayPal account: _____
Maps / embeds	API keys stored in: _____

4. Support period

Unless otherwise agreed in writing, defect fixes for launch-critical issues: ____ **days** from go-live (scope: bugs in delivered functionality—not new features).

5. Client sign-off

- ☐ I confirm I have admin access to hosting and domain (or know who does).
- ☐ I have copies of critical credentials stored securely.
- ☐ I understand ongoing costs (hosting, domain renewal, email tools).

Client signature: _____ **Date:** _____
